

Peaker Services, Inc.

## Field Service Technician

**Job type:** Full-time

**Education:** High-school or equivalent

**Salary:** Negotiable based upon experience + competitive benefits

**Experience:** All experience levels, including entry-level + willing to train

Peaker Services, Inc. is searching for field service technicians who are dedicated to serving customers and willing to learn. As part of our team, you will work on various types of high-horsepower diesel engines used in power generation, marine, and locomotive applications.

Field service technicians apply the principles of mechanics, electricity, electronics, and hydraulics to perform troubleshooting, field repairs, rebuilds, and make technical decisions. The ability to communicate with the customers on-site throughout process as well as perform follow-up services is a must.

Field service work includes: disassembly, assembly, machining, welding, general fabrication, NDT inspection, wiring, and reading technical documents. This position requires all field service technicians be available on-call occasionally in order to respond to customer needs and may require traveling extended periods of time, including weekends.

**Some travel may be required on short notice.**

### Required Qualifications:

- Experience with basic measurement tools.
- Demonstrates ability to recognize materials used to rebuild engines and components.
- Demonstrates ability to troubleshoot electrical systems.
- Demonstrates the ability to weld or the capability to learn.
- Demonstrates ability to work in a team.
- Employee provides own work tools (company partial payroll deduction for specialty tools).
- Willing to learn to read, interpret, and work from mechanical and electrical blueprints/schematics.
- Valid driver's license with clean driving record.
- Able to lift 60lbs.

### Preferred:

- Experience with technician's instruments and tools, both mechanical and electrical.
- Experience reading, understanding, working from mechanical and electrical blueprints/schematics.

### Benefits:

- Excellent compensation based on experience level.
- Aetna medical, EyeMed vision, United Concordia dental.
- Vacation, personal, and sick pay.
- 401K after first month, employer contributions after 1 year.
- ESOP involvement after 1 year of service.
- Travel, food, and accommodation paid expenses.
- Company cellphone provided.
- Paid partial tooling cost, payroll deducted.
- Access to company work vehicle.

Peaker Services, Inc. modernizes and services industrial engines, turbines, and compressors in power, marine, industrial, and rail applications. Through a systems approach we digitize and mechanically modify, repair, and overhaul equipment to optimize efficiency and performance, simplify operation and maintenance, and increase reliability and safety.
